PREPARING FOR A RECYCLING PICK-UP

G3 Eco-Tech makes preparing for a recycling pick-up easy. Simply follow the steps below and our team will handle the rest.

1. Call our office at (913) 681-3333 Ext. 4 or visit our website www.g3ecotech.com to schedule a recycling pick-up.
2. Provide the date, time, location and contact information for the pick-up.
3. Give us an estimate (simple count and basic description) of what you will have for recycling. This will allow us to dispatch an appropriately sized vehicle to your location. Use the attached list to determine what we can recycle for you.
4. Prepare your items for easy pick-up by placing them on a dock (if available), 1st floor entryway, or easily accessible curb. ***(Due to insurance restrictions our team members are not allowed to retrieve equipment using stairs.)***
5. During inclement weather, items should be stored inside or covered with a tarp or plastic covering to prevent damage.
6. After pick-up has been completed, please contact our office with any questions, concerns or comments.
7. If problems arise that require rescheduling a pick-up, please contact us via telephone (913) 681-3333 Ext. 4 or email recycle@g3ecotech.com within 24 hours of the scheduled pickup.
